25X1 Discussion: Work is in progress on the companies, and we anticipate completion by the end of this fiscal year. Cooperation by industry to these reviews has been outstanding. The exercise has provided added benefits. We are updating the central record listings of Agency contractors on SPECLE. We have gained a measure of confidence in the expectation of an accurate and smooth transition to the APEX System and its 4C recordkeeping program. It should be noted that while you approved the Community request to postpone their zero-base review of product access approvals pending implementation of APEX, our review of contractor holdings is a total re-examination of justification for all 25X1 product as well as all operational access approvals. 25X1 Attachment Distribution: Orig - Adse(w/att) 1 - DDCI(w/att) · 1 - SA/SCI/C(w/att)  $\cdot$ 1 - ER (w/att) 1 - DDA (w/att) 1 - D/Sec (w/att)1 - OS/Reg (w/att) 1 - SSC (w/att) 2 - SECOM Subj (w/att) 1 - SECOM chrono (w/att) 25X1 SECOM (7 Aug 80) 25X1 Revised: P&M/PPG (15 Aug 80)
